You can write a book review and share your experiences. Other readers will always be interested in your opinion of the books you've read. Whether you've loved the book or not, if you give your honest and detailed thoughts then people will find new books that are right for them.

Amazon.com: Student Solutions
Manual for Modern Physics ...

It is a good book if you can find it for a low price. You can find the solution manual online and with it you can have a leg up on any modern physics class. There are errors, though, and the authors make some concepts more difficult to understand than what is necessary.
